“ As young kids Jean , Golden and myself were trying to teach the chickens how to swim along with the ducks . We got caught by dad and you can guess what happened next ( baby chickens can't swim ) . Of course we never did that again .At Christmas we would make homemade Christmas decorations together as kids ( stringing popcorn , making silver balls from silver foil from cigarette packs, and paper chains) . Had lots of fun. Every time we will visit she would send me downstairs and say . Jim, there are fresh canned green beans, tomatoes, salsa, beets, green beans, pickles, relish and her homemade jellies and preserves. Take some with you , She loved to plant her gardens and can all her goodies for herself and family . Jean was such a giving person . We talked every week and had great talks and laughs for sure . She loved her family so much . I will cherish our love, closeness, times we spent together and friendship forever . I love you Jean , Your loving brother Jim

“ Jean loved to cook . The minute you walked in her kitchen it smelled so delicious . You could not wait to eat . It was her gift to us all . Some of my favorites were her homemade biscuits & gravy , fresh cooked corn, banana pudding , seven layer salad , fried chicken , chicken and dumplings , green beans with potatoes and sweet ice tea. We would sit around her kitchen table and talk forever and had so much fun and laughs. She loved to can her fresh veggies and fruits out of her gardens. We were so lucky to enjoy those blessings of goodies for years So so good . . One of the best things and the most delicious was her Christmas Candies beautifully made and displayed perfectly in her tin boxes as gifts to family and friends . I tried several times to duplicate her candies with her on the other end of the telephone telling me what to do and what not to do . We had alot of fun and great laughs . I finally did it right last year . I sent her a box of my candies and she called me and said a great job Cherie . You finally did it right . Jean and I loved flowers . We had a lot of discussion about our favorite ones and favorite colors . She would give me seeds from her flower gardens and I would take them home and plant in my gardens . Every year when they bloom I get a smile on my face and think of Jean . Jean was a beautiful person inside and out. I loved her so much and appreciated her so much. We had a lot of great times so I have a lot of wonderful memories to remember Jean by .We will see each other again and will go and pick wild flowers Cherie
