“ *I will always remember my first day working for Ky State Police. Junior came by the office that morning just to see if I was doing okay with my new job. He later came by at lunch time and told me to come have lunch with him in the break room and he would show me where some of the offices were. I always felt Junior was watching over me in that job just like he did when I was a kid; when him and Cathy rented a house from my parents. He kept a close eye on us and we knew not to let him catch us doing something we shouldn't be doing. Junior was a great person and he will be greatly missed by my whole family.* ”
