“ *The news truly breaks my heart, she was my babysitter for most of my daycare time. I loved going to her house everyday, she would let the older kids stay up during nap time. A time I really enjoyed because that was extra time outside with the boys (Kevin & Michael) and I cant forget the extra special food she would make for me. Gayle kept my cousins, extended family an myself. I looked up to Gayle and thought of her as a second mother that I was lucky to have. I used to run into around town all the time but as the years past those times got further apart and lost touch, also the day I found out that my daycare of so many years had been bought out and was getting torn down to build something else. The memories flashed in my mind of all the good times and that I would never get to point out to people, "That's where I used to go to daycare at" but at least I can hold onto those memories of the good days. Gayle an her family are in my heart and prayers at this time, heaven definitely gained another very special angel to watch over of us.*
