“ Amber is a beautiful person, both inside and out. Her capacity to love and live life to the fullest was beyond belief! She was a true friend, a great listener always giving good advice and helping people see the truth, whether good or bad. We shared a lot of experiences together during our teenage years and into our crazy 20s! We will never know how many lives Amber truly touched, but she will be greatly missed! My heart is with Thomas and her family during this time. Dylan

“ Whenever I think of you, Amber, I am reminded of the bubbly, outgoing, athletic eighth grader who used to bounce into my Language Arts classroom at Elkhorn Middle eager to share your ideas. I have always enjoyed running into you around town and seeing that beautiful smile and sparkling eyes. In the Bio Poem you wrote while in my class you said I AM a "Lover of God, my parents, and peace; who feels that I am fortunate, I'm loving, and I'm blessed." You have been a blessing to my son, Dylan, and to my family. Why God wanted you right now is beyond my understanding but I do know you are at peace and the angels gave you a sweet homecoming! You will be missed by the whole community of Frankfort.

“ One of my favorites was with Amber, Tricia, and me hunting for crawl dads in the creek!! We would be under the bridge, by the house, turning over rocks, looking with so much excitement and hoping to find one. The funny thing is, if we found one, it was "NO YOU PICK IT UP, NO YOU PICK IT UP" back and forth a thousand times!! All the summer's and after school adventures we had, will never be forgotten!! I love you and you will forever be in my my heart!!!

“ Oh there are so many memories but one of my favorites is you "falling" in Grandma's fish pond. No matter how much trouble you'd get in right back in you would fall. I guess you were around 8 or 9 when you only "fell" in waist deep. Not a drop above!!! Hahaha into everything and fearless. I love you Amber!!!

Many memories on the softball field with Amber. When we played on one team together they called me Big Amber and her Little Amber due to our size. Even though I hated it, when it was said she would just have a huge smile on her face. Her smile was contagious and it was nice having that bond with her. It is heartbreaking to see her gone so early. I am praying for her family during this time.
