“ *My Dad was ALWAYS there to fix my car, anything I ever had that broke down really. He has helped me paint and lay floors and fixed my appliances. He was very smart and talented. He was a good carpenter. What ever musical talent I have or my brothers have was inherited from him. He only had an 8th grade education yet accomplished so much. Had he been given more opportunity he could have accomplished anything. Still though he overcame so much. He was a good provider. We always had what we needed and he was always there to help in some way. There arent many men like him. I will always miss him.*
