

Benjamin Arnold Mullins

February 14, 1961 - December 10, 2024

"Ben" Benjamin Arnold Mullins of Louisville, KY, was born on February 14, 1961 and left this Earth on December 10, 2024. Best known as 'Tattoo Ben' he was a great friend to most everyone he met. Ben loved fiercely with his whole heart. He had the most distinct deep belly laugh and gave the absolute best hugs! He had a great love of the outdoors, frequently enjoying activities such as camping, boating, fishing, and hunting. He found joy in riding his Harley and often spent weekends flea marketing, searching for unique treasures.

Ben's most proud achievement was being part owner of Body Art Emporium where he was a body piercer and tattoo artist.

He was preceded in death by his parents, Layton "Moon" Mullins and Marilyn Mullins-Mancil, his grandparents, Pap & Granny, as well as his first-born son, Jeremy Wisdom, whom we know was waiting to welcome him home.

Ben is survived by his children, Shannon McMillen (Brandon), Jacob Mullins, Joseph "Jody" Mullins, and Christina Reynolds (Kenneth), who will forever remember his love and guidance. He is also survived by his brothers, Duyane Mullins and Joseph Mullins Sr., Loree Bowman-Mullins whom he chose to call his wife, an abundance of grandchildren and great-grandchildren, as well as countless friends and family who will miss him tremendously.

Ben stood out in a crowd being well over 6' tall donning long hair and a beard that would make most men jealous! He may have appeared quite intimidating given his size and all his tattoos, but anyone that knew him knew he was just a big ole teddy bear! His warm-hearted nature touched the lives of many. He leaves behind a legacy of adventure and love that will not be forgotten.

*Wow, unbelievable. What a nice guy! I sure enjoyed hanging out with him the entire time he was in Virginia. No one would mess with me or him! He looked intimidating, but, what a nice guy. Sorry for your loss...
