“ Brad’s presence always lifted me up. Whether it was seeing him on his bike in Bellepointe, or walking in downtown Frankfort, or conferring at a meeting. He was such a kind and wise fellow. He served on the Board of the Homeless and Housing Coalition of Kentucky (at my request) when the nonprofit was going through its own leadership transition. Although being on the Board might not have been Brad’s cup of tea, he sensed the need to strengthen the organization so that others could be helped. Brad gave personal voice to the mission of HHCK. Because of Brad’s selfless nature, he shined a light on the path forward. Because of Brad, others were inspired to redouble efforts to work against homelessness. Sending comfort and joy to Brad’s family as we celebrate him. Love to All,

“ Brad was so kind and understanding, a true gentle-man. His wisdom and compassion are what I will remember most about him, and the gardening tips he gave me. I enjoyed every conversation I had with him. Brad was certainly one of a kind, unique in this fast-paced world. He was a good person and true friend.

“ Gandalf..Brad is one of my favorite souls.He is truly one of the kindest people I have ever known and the MOST generous.How many struggling people has he helped on their right path?Who knows...I only know that he has been sage to some that I love the most.My daughter one of them.When my daughter lost her way he was there for me. There were times when he would dole out wisdom and times when he would just listen,never ever breaking the confidence of Kris.He was the holder of many trials ,many secrets.He helped his people work through the messiness of life and the struggle of addiction.Always there,full of love.When I think of Brad,I think of sunflowers bursting out of the earth.I think of ancient woods whispers.I think of nature and nurture.I think of the cycle of life and death and the acceptance and love of it.More than anything,he loved his family.His daughter,his son,and his grandchildren.In the midst of his new incarnation,When he's not delving into himself and the next thing the universe has in store,he will be watching and helping his children from afar.His biological children,and his spiritual children.I am blessed that he was in my life and he will forever continue to be a mentor.Thank you for everything Brad!!!!!!Enjoy the journey!!!
