“ This has caught me by surprise and shock. I've known Cliff since 1970 and though our path divided many times over the years they always crossed again. It is with my sincerist regret to be reading this in the evening and not finding out earlier or I would have been at the services. Judy I know Cliff thought much of you over the years, even through the lean and hard times. To the rest of the family, although I have not seen many of you over the years you have all been in my thoughts and will be in my prayers today of all days. I'm so very sorry for your loss and have lost a long time friend this week.

“ Judy, I am so sorry to here of Cliff's passing. Sorry I was unable to come to visitation or the funeral this morning. I will never forget the night Barney & I spent the night with you and Cliff when you & Cliff lived on Quachita Trail. We got up next morning and someone had stolen Barney's sound system out of his precious Nova. He sure was mad! Plus the fun times at Herrington when Barney had that 35 HP boat trying to get me up out of the water on skis.....took 2 summers, but I did it! He and Cliff were the best of friends. But men don't keep in touch like women do I guess. He said it had probably been 15 years since he had seen Cliff. My thoughts and prayers are with you the your family.

“ *I remember going on trips to Fkorida with the Hartleys and staying with Clifford, Judy and the boys. We would have a big time fun in the sun catching lizards playing around the canals looking for gators. Also, many years at cabin 20 @ Harrington Lake what a blessed bunch of memories I hold of times with him and the Hartley clan. Gods bless this family. There is no doubt he is with Charlie Horse a great addition to the Angels. I love you all. Lenée.*
