“ miss you all the time Danny. The world got dimmer when you left. Your laugh, your jokes, you made my childhood so great. and even in my adult years you made me laugh every single time. you passed way to soon. I know your heart was broken when lisa passed but gosh I miss the both of you. You all were my world. Monken "stuffed animal monkey" was something I looked at as a friend. Me and Heather would argue over who Monken could stay the night with. You had so much life in your heart. I miss you and Lisa every single day. Love you all my angels.

“ *Danny you will be missed so much  
You always put a smile on everyone's faces  
You dressed up as Santa claus when I was a child  
You had a heart so big  
You were so full of life  
You were apart of my life  
I will miss you so so much  
Monken will never be forgotten either  
Thank you for always being there for our family  
We loved you soo much  
A good soul gone way to soon  
You and Lisa can rejoice together in heaven now  
I will miss you so much danny  
I love you*
