“ *He was our first friend/neighbor to meet when moving to Bagdad a little over a year ago. My children loved driving to his house on our golf cart to check out all the beautiful things out in the garden. He would come to deliver hay and just like a Grandpa would to his own grandchildren he would give my children rides and just lit up when he saw them.*

*He truly was an amazing man and we are so blessed to have those memories and to have known him! He will be truly missed .*
