“ I've looked for Judy several times over the past years. She and I were room mates in our freshman year at Ball State Teachers College in Muncie. She made our first year so memorable with her joyful personality. She was beautiful both in appearance and in her heart. I've never forgotten the memories from that time of friendship....such fun we shared. If I miss her after such a short period of time together, I can imagine what her family and more recent friends must feel. I certainly wish I could have sat and laughed with her just once more...God bless to her family and friends.
