“ Kenny, you meant so much to us all. I just don't even know where to start. Sometimes I wasn't sure how you put up with me, my kids and all the girls coming to the house for our get-togethers. You always had open arms and love for us all. The pool and where's my beer??? What are we going to eat next?? Where will we sleep? How can I sneak and sleep with the dog without you knowing?

We all were blessed by your mere presence. You had such great love for your family and friends. I'm missing you like crazy. Luv u bunches,

“ Vicky, I hope you are able to find some peace and tranquility during your greiving process. Remember to make special time for you and if you need anything at all, I am available and willing to help out. We will always have our memories, but right now that does not seem like a good substitute. God will be the rock that you will go to time and again and he will not waver in your need.

“ Kenny ("Butch" as he was known in high school) always had a smile on his face & never met a stranger. Although we didn't keep in contact over the last several years, he meant a lot to me as a friend. I'll never forget the red Gran Torino he had or his swagger. I feel I was blessed to have known him My heart aches for his family. I hope your precious memories of him help you through this difficult time.
