

Dr. O.M. "Mac" Patrick

September 29, 1934 - August 18, 2022

"Mac" Patrick passed away peacefully on 18 August at the age of eighty-seven. He was married to Mary Leigh for the past sixty-seven years and had three children, Janice (Ted) of Nacogdoches, TX, David (Janice) of Ponte Vedra, FL, and Clay (Liz) Frankfort, KY as well as nine grandchildren, David II, Luke, Christine (Brandon) Giella, Patrick, McCoy, Cooper, Carson, Jackson, and Cason. He was the son of the late "Pat" and Virginia Patrick and was preceded in death by his brother, Myron, and his grandson David. He aspired to be a physician at an early age and worked diligently in school to finish both High School and College in three years each and went on to be the youngest member of his University of Louisville Medical School class.

He completed his surgery internship at Columbus Medical Center, Columbus, GA. and then began his general surgery residency at the VA Hospital in Louisville. His residency was interrupted by the draft in 1962 and he spent two years in the US Army in the 101ST Airborne at Ft. Campbell, KY. His two years there provided a solid foundation for an orthopedic residency as well. After he finished his general surgery residency at Charity Hospital in New Orleans, Louisiana, he, and his partner Dallas Hagg opened Capital Surgical Clinic in Frankfort in 1965. He began his practice at the old Kings Daughters Memorial Hospital. His practice included General and Vascular Surgery as well as Orthopedics.

Mac was a lifetime member of the American Medical Association, Kentucky Medical Society, Franklin County Medical Society, and was a Fellow of the

American College of Surgeons. He served as a board member for the Franklin County Health Department and First Federal Savings in Loan. He was appointed to the Kentucky Capital Development Corporation (KCDC), a local economic development entity. He engaged in many businesses in and around Franklin County, from restaurants to real estate. He started the Functional Evaluation Center of Central KY which became a primary disability determination center for workers compensation across the Commonwealth. He was appointed to the Kentucky Medical Licensure Board in 1992 and served for twelve years. Following retirement from his medical practice he consulted with various insurance companies. He and his wife owned and operated a thoroughbred breeding operation for the past forty-five years, having bred and raced many stakes winners over this period. He enjoyed his work, but nothing pleased him more than spending time with his children and grandchildren. He was an avid hunter and enjoyed hunting in Canada, Mexico, and all over Kentucky.

Visitation will be held from 4-6 PM Friday, August 26, at LeCompte Johnson Taylor Funeral Home. A private family service will be held at a later date. He will be cremated, and his cremains will be interred next to his grandson, David II. In lieu of flowers, memorial contributions may be made to the Michael J. Fox Foundation for Parkinson's Research, Hospice (Bluegrass Care Navigators) or the Humane Society.

“ *Judy and I have known Mac and Mary Leigh and their family for over 50 years. The Patrick family has been a wonderful and productive addition to the Franklin County community. Doctor Patrick could have practiced Medicine and his skill as a gifted Surgeon anywhere in the country but chose to return home to Frankfort instead. Mac saved countless lives during his career as a General Surgeon and was known for his deep sense of compassion and charity. He was our friend and will be missed. Judy and I extend to Mary Leigh, Janice, David and Clay our deepest sympathy. Tom D. and Judy Isaac*

Tom D. Isaac - August 22, 2022 at 02:00 PM

“ *My thoughts and prayers are with Mary Leigh, Janice, David, and Clay during this sad time. I have wonderful memories spending time with Janice and the Patricks on the farm. Dr. Patrick was a gifted physician in Frankfort. God bless all of you during this time. Alice Sewell Kendrick*
