“ *The minute I met Paula & Byron I knew we would become friends. Paula, my friend, my neighbor
The kindest, sweetest person I would ever meet!
I wish we would have had more time but we will meet again, I wish I could have attended the service but I was ill.
Lord....please keep Byron, the daughters and family in your arms at this time and comfort them
God Bless

“ *I want to light this candle in memory of a beautiful person. Paula was an Angel waking on this earth. She always put other people and their feelings and needs before her own. I loved Paula so much. I remember when her and Byron got married and then I had the privilege to work with her. I am so happy that Paula was in my family and such a beautiful person inside and out. Sorry I could not attend the service but was very sick. Paula will be missed by many. Prayers for Byron the girls and their families. I love you all.*

“ I keep reading my messages from Paula and how she kept telling me what to say to the doctors who were treating my husband as he to was a mesh victim. I don't know what I would have done without her help as she helped to save his life. I will always remember Paula as a wonderful friend with a very caring heart and how blessed I was to have had her in my life! May God be with her family and know that she did so much for others and I know she is no longer in pain and walks in Heaven to protect us all!

“ Paula has been my friend for more than forty years. She was truly one of God's angels on earth. She endured adversity in her life with such faith and was always so gracious even when she was suffering and in pain. I remember once when she was told she had to have surgery in California for that darn mesh in her abdomen. The insurance company was giving her the run-a-round and I was SO afraid she would not get the necessary surgery. I gave her the money to fly to CA and back with her daughter for the surgery and was glad to do it. When Paula got home she crocheted this very long beautiful thick infinity scarf for me. I felt SO guilty thinking of her at home, sick, and working hard to repay me for the little something I was more than glad to do for her. But that was Paula... Always thinking of the other person. I loved her so much.

“ *This morning I reread Paula's words and warnings about mesh implants and they touched me because she endured so much pain. She was a very special person whose heart was always filled with love for her family and friends. I will forever miss our talks on the phone and I am sad I will never see her again, but she is now at peace. With much love to her family.*

All that is said, sounds so right to me even with my limited time of acquaintance with Paula. May God truly bless you with comfort Byron, and your daughters of course as well. All of you, Mother and Brothers, Friends and Family. 🌸 Carolyn Casey Steilberg...Lawrenceburg.

“ *Paula was an Angel walking this Earth. Her amazing faith in God's love and also her love of humanity, shone out into the darkness of the Mesh madness that had invaded our lives. We shared so very much.*

We have all been very blessed to have had her in our lives. God has called his most beautiful Angel home.

My love and prayers are sent to you all.

Paula was a friend of mine and our group of girlfriends since she transferred to SCHS in our sophomore year. That was 44 years ago. Throughout the decades her beautiful smile let you know she had a beautiful spirit. Her love, faith and hope touched many lives and transcends her time on earth. She will be missed by so many people and remembered by hundreds. Prayers for her husband, Byron who appears in one of the photos, and prayers for her daughters and the extended family.
