“ *My mom, she was such a strong woman, she fought some hard battles and normally come out on top, but this time her body was too tired and worn out and honestly I believe she was too. She no longer is suffering and I believe she is in a much better place up in heaven with many other family members. She was an avid animal lover, it runs in the family! We had our differences and our own battles but at the end of the day, she was my mother and I loved her. I had been taking care of her for a while this past year and some in the prior three years. We shared many laughs, good & bad times, fun weekends out. My mom loved working in her yard and kept the cleanest house! She loved her animals beyond what most people do and her family, and friends. She will be missed so much. We love you mom and I am sure that you are keeping everyone in line up in heaven.*
