*“ About 46 years ago, I worked at Lexington Concrete Products with Phillip. The experience I gained from working with and for him has helped me throughout my career. I am proud to have worked for and with him. I know he'll be missed by all that knew him. He was my friend.*

*“ ,When I think of Phillip, the first thought that comes to mind is the smile. "Come on in and sit down," he would say. Always laughing and joking, such a friendly and easygoing personality. That was Phillip. That's who he was. If we could all live our life as he did, we would have no regrets. The Adkins family is privileged to have had such a person as Phillip as their leader, mentor, guide, through the years. You could have had no better. Phillip loved his family and would do anything he could for them. I know because I witnessed that side of him firsthand. When you lay down tonight and close your eyes, you will see a picture of "Papaw" in your mind. You will see that silver hair and that smile. Rest easy, because he is smiling now.*
