“ What a great lady...Priscilla...she encouraged me to "get in the water" when I was diagnosed with Rheumatoid Arthritis. Said it would help me more than anything...and she was right! Trudy thinking of you and the family. Carla Johnson

“ My cousin Priscilla, a.k.a., Shuttly to family members, was one of the brightest, funniest, kindest people I have ever known. She was educated and well-read, too. She set a shining example of continued learning as she read book after book on all sorts of subjects, both deep and frivolous. It was no wonder that her later years not only found her hanging out at libraries but also working at one just to be close to the pastime she enjoyed so much. She always signed her correspondence with the Hebrew word "Mizpah", meaning the LORD watch between me and thee, when we are absent one from another" (Genesis 31:49). I'll miss her and look forward to being with her on the other side. Mizpah, Shuttly. With much love, Judith

“ She was always my energizer bunny at the library. She hustled along much faster than many of the rest of us and always had a smile on her face and a positive energy. She was such an inspiration and will always be remembered and bring a smile to our face. She still inspires us every day when we think about her. She will be missed - Donna S
